THIS IS UNEVALUATED INFORMATION

1. The Soviet command for the Rumanian Dobruja is methodically organizing the dispersion of the people living in the large centers of the Black Sea coastal zone. Civilians are being transported, en masse, to the interior of the country. Because there are Soviet troops in the various summer resorts, and because the Soviet command is at the Hotel Rex, at Mamaia, all these resorts will be closed to the public this summer. No permission whatever is given to civilians to visit the Black Sea coasts.
2. Three important arms factories have begun work in Brasov (now called Stalin.)
3. All Rumanian university and institute students, who have studied political ideology and military theory, are to undergo compulsory practical training for six weeks, during the summer of 1954.
4. Rumanian identity cards are being changed all over again. This time the military will control the cards.
